Das DC Buch

Das Comic-Universum der Superhelden. Mit einem Vorwort von Grant Morrison

Ready for a fascinating journey through the fantastic world of DC's greatest superheroes? Which DC superheroes were the first? What conflicts drive them? What does the world of Batman, Superman, Harley Quinn, The Flash and Co. look like? The book introduces the exciting world of DC superheroes and supervillains, whose most famous characters are Batman, Superman, Wonder Woman, the Joker and Aquaman.

The DC Book offers exciting insights into the concepts that underpin the convoluted DC Comics universe, including key events and characters. The main articles are accompanied by essays that enrich the overall picture. Boxes provide context and quick facts, infographics serve to clarify and illustrate, fact boxes highlight relevant characters or topics, and quotes give a sense of the characters. Overall, the book is divided into six themes: The Forge of Creation, Justice or Doom, Super Research, Divine Intervention, Mysteries of Space and Hypertime.

This book is an entertaining, insightful guide to a complex and exciting comic book universe. The perfect gift for any DC fan.
